Thank you for using Wonderful Laboratories. Please complete the following sample submission form for each plant pathogen submission. If it is more convenient, an Excel spreadsheet can be emailed along with this form, provided the spreadsheet provides all the information required in Section C.

Section A: Client contact information

Company: _____

Contact name: _____

Billing address: _____

City/State and Zip code: _____

Phone number: _____ Email: _____

Section B: Choose your panel

Setup fee for each sample is \$36. Add \$13 for each pathogen tested. Minimum order of \$300.

Commonly requested panels:

- Short Panel (GLRaV 1, 2, 3 and Red blotch): **\$88 per sample**
- Wide Panel (GLRaV 1-5, GLRaV 9, Red Blotch, Fanleaf, GVA, GVB): **\$179 per sample**

Build your own panel:

Check the grapevine pathogens you would like in your panel, and add a \$36 setup fee for each sample to the final price (underlined items represent viruses in the Wonderful Wide Panel):
